Fr. John Paul Puschautz, OP
Novena Preacher

Fr. John Paul is a Dominican Friar of the Western Province. He is from a big family of artists with 6 older brothers and one younger sister who were raised in Chicago, Illinois (the actual north side of the city, and not the suburbs). Some favorite hobbies include hiking, playing music and sports, doing art, and more recently evangelization through social media as Dunkin Dominican.

After his reversion in college, he did a mission year in Peoria Illinois and then entered religious life where he studied in France and worked as a campus minister at Seton Hall University in New Jersey before entering the Dominicans in California where he has lived for the last 5 years working especially with youth and young adults. For his Pontifical License in Theology he wrote his thesis on Visio Divina, a method of praying with art that he developed.
